A TOUCH OF STEAM: THE SECRET TO PERFECT BAKING

Add a touch of steam for artisan style results at home. Add water to our inbuilt well to create steam for golden crusts and soft, airy centres, ideal for bread, pastries, and delicate bakes. Because perfect texture starts with perfect moisture.

EVENLY DISTRIBUTED HEAT

No more swapping trays for evenly cooked food. SurroundCook circulates hot air to keep the temperature consistent throughout the oven.

EASY STEAM CLEANING

Steam Assisted Cleaning makes it easy to clean your oven after cooking. Simply add water to the bottom of the oven and steam will help dissolve grease and grime.

SET AND FORGET

The LED timer display lets you set precise cooking times and monitor dishes as they cook, giving you complete control over every meal so you can focus on achieving delicious results.

EASY OVEN DOOR REMOVAL

No more trying to scrub your ovens hard-to-reach places. With one flick of the hinges the door frame can be easily slid out. Once removed, the glass panels can be detached from the frame, making it easy to clean the whole surface of the door.

PRACTICAL AND DURABLE

The smooth enamel interior is hardwearing, durable and easy to clean.
